Profile

Computer Engineering graduate specializing in Cloud Computing with hands-on experience developing web applications and implementing cloud-based solutions using AWS services. Experienced in React, TypeScript, serverless architectures, databases, and Linux environments. Interested in building secure, scalable cloud infrastructures with a strong focus on cloud security, network security, and cybersecurity.

Education

Bachelor of Technology in Computer Engineering

2024 – 2025

Institut Universitaire de la Côte (IUC)

Higher National Diploma (HND) in Software Engineering

2022 – 2024

Jacky Felly Nafack Hightech University Institute (JFN-HUI)

Technical Skills

Frontend Development

- HTML
- CSS
- React
- TypeScript

Cloud & AWS

- AWS EC2
- Amazon S3
- AWS Lambda
- Amazon RDS
- API Gateway

DevOps, Systems & Tools

- Linux (Ubuntu)
- Docker
- GitHub
- VS Code
- MySQL

Projects

DocuTrack Pro – Cloud-Based Document Management System

Technologies: React, TypeScript, AWS Lambda, API Gateway, Amazon S3, Amazon RDS (MySQL), IAM, REST API

- Developed a cloud-based document management system with role-based access for clients, processing staff, and administrators.
- Built a serverless backend using AWS Lambda and API Gateway to support authentication and document-processing workflows.
- Integrated Amazon RDS (MySQL) for structured data storage and Amazon S3 for hosting, supporting scalability and reliability.
- Designed a responsive user interface using React and TypeScript to streamline document submission and tracking.

Experience

Administrative and System Support Intern

September 2025 – March 2026

National Social Insurance Fund (NSIF) Cameroon

- Supported daily administrative operations and internal document management processes within a public institution.
- Gained exposure to enterprise information workflows and organizational systems.
- Assisted staff with digital documentation processes and developed an understanding of institutional IT operations.
- Developed professional skills in communication, organization, and workplace collaboration.

Languages

English **French**

Interests

Cybersecurity, Cloud Security, Network Security, Linux, Networking, Emerging Cloud Technologies, and Secure Cloud Infrastructure.
