About Me

Computer Engineering graduate specializing in Cloud Computing with hands-on experience developing web applications and implementing cloud-based solutions using AWS services. Experienced in React, TypeScript, serverless architectures, databases, and Linux environments. Interested in building secure, scalable cloud infrastructures and pursuing opportunities in cloud engineering and cybersecurity.

Education

Bachelor of Technology in Computer Engineering

Institut Universitaire de la Cote (IUC)

2024 - 2025

Higher National Diploma (HND) in Software Engineering

Jacky Felly Nafack Hightech University Institute (JFN-HUI)

2022 - 2024

Technical Skills

Frontend Development

- HTML
- CSS
- React
- Typescript

Cloud Platforms

- AWS (EC2, S3, Lambda, RDS, API Gateway)

DevOps and Tools

- Docker
- GitHub
- Linux (Ubuntu)
- VS Code

Databases

- MySQL
- Amazon RDS (MySQL)

Projects

DocuTrack Pro – Cloud-Based Document Tracking System

Technologies: React, TypeScript, AWS Lambda, API Gateway, Amazon S3, Amazon RDS (MySQL), IAM, REST API

- Developed a cloud-based document tracking system with role-based access for clients, processing staff and administrators.
- Built a serverless backend using AWS Lambda and API Gateway for secure document processing and user authentication.
- Integrated Amazon RDS (MySQL) for data storage and Amazon S3 for document storage, ensuring scalability and reliability.
- Designed a responsive user interface using React and TypeScript to streamline document submission and tracking.

Experience

Administrative and System Support Intern

National Social Insurance Fund (NSIF) Cameroon

September 2025 - March 2026

- Supported daily administrative operations and internal document management processes within a public institution.
- Gained exposure to enterprise information workflows and organizational systems.
- Assisted staff with digital documentation processes and improved understanding of institutional IT operations.
- Developed professional skills in communication, organization, and workplace collaboration.

Languages

English French

Interests

I'm enthusiastic about Cybersecurity, Cloud Security, Network Security, Linux, Emerging Cloud Technologies
